Dr. Andrew Sansom,
Upper San Marcos Watershed Protection Plan
The Meadows Center for Water and the Environment
Texas State University
San Marcos, TX

Re: Upper San Marcos Watershed Protection Plan

Dear Dr. Sansom,

The purpose of this letter is to confirm the Guadalupe Blanco River Authority's support for the Meadows Center's and the Texas Commission on Environmental Quality's efforts to implement the Upper San Marcos Watershed Protection Plan. GBRA has been actively involved in the Stakeholder Committee and in providing strategic direction and support for the Watershed Protection Plan since its conceptualization.

GBRA supports implementation of the WPP and specifically will contribute the following in-kind services:

1. Technical guidance for monitoring surface and groundwater supplies to track progress and increase available data and provide technical assistance regarding water quality data collection, interpretation and analyses;
2. Provide additional subject matter expertise regarding pollution estimation/reduction and BMP implementation;
3. Participate in stakeholder committee activities and technical committees;
4. Provide support for quality assurance project plan (QAPP) development; and
5. Coordination and assistance with education and outreach activities.

Sincerely,

Mike Urrutia
Director of Water Quality Services
Guadalupe Blanco River Authority
